Using Your Walkie Talkies:

Battery Information:

Requires 1 X 9Volt (6LR61) Battery (not included)
Remove the screw on the battery door with a screw driver.

Requires 1 X 9Volt (6LR61) Battery (not included)
Remove the screw on the battery door with a screw driver.

Turning Power On/Off:

Slide **On/Off Button** to activate or deactivate the Walkie Talkies.

Remember to switch Walkie Talkies **OFF** after use to conserve battery life.

Both Walkie Talkies must be turned **ON** in order to send and receive messages.

Sending Voice Messages:

Press and hold the **Talk Button** and speak into speaker.

Receiving Voice Messages:

Messages can not be received while the **Talk Button** is pressed.

Messages are heard through the speaker

Troubleshooting:

Be careful not to talk at the same time as your friend. Two people talking at once will affect performance of the units.

This product does not transmit well through obstacles such as buildings, metal structures and trees.

Replace Batteries If :

One or more of the Walkie Talkies do not work

Signal range decreases notably
