**WARNINGS:**

1. Read the instructions before using. Follow them and save them for future reference.
2. Please note that due to technical improvements this product may differ from the one that appears in the illustration.
3. This product requires 3 x LR6/AA (1.5 V) batteries (included).
4. This product operates exclusively with alkaline batteries. Do not use saline batteries under any circumstance.
5. Take the batteries out of the compartment when the unit is not going to be used for a long period of time.
6. The battery terminals must not be short-circuited.
7. Non-rechargeable batteries must not be recharged.
8. Remove rechargeable batteries from the Alarm clock before being charged.
9. Rechargeable batteries are only to be charged under adult supervision.
10. Use only the type of batteries recommended by the manufacturer or the equivalent.
11. Do not mix used batteries with new ones.
12. Do not mix different types of batteries.
13. Used batteries or accumulators must be removed from the Alarm clock. They can cause faults.
14. Batteries or accumulators must be installed respecting the polarity indicated in the diagram.
15. The current adapter or charger is not a Alarm Clock; be careful when using it.
16. The connections and cables of the power adapter or charger used with the Alarm Clock must be examined regularly by an adult to avoid accidents.
17. If any anomaly is detected in the operation of the power adapter or charger, you must not use the Alarm Clock with it until the failure has been repaired.
18. Disconnect the adapter from the mains when the unit is not going to be used and when cleaning and handling.
19. The current adapter or charger should not be connected to power supplies with higher ratings than what is recommended.
20. The Alarm Clock should only be used with an adapter or charger that has been recommended by the manufacturer or distributor.
21. The unit will malfunction if there is radio interference within its operating range. It will function normally once the interference has ceased.
22. In case of electrostatic discharge, the unit may malfunction and lose its memory, requiring the user to reset it.
Operating Instructions:

The Lalaloopsy Alarm Clock from Jazwares is easy to use and operate. We are certain that it will provide your children with great entertainment.

OPERATION WITH BATTERIES:
Make sure the main switch is in the TRY ME position (see FIG.1); the battery compartment is situated in the underside of the Alarm Clock (see FIG.2). Remove the compartment’s protective cover using a Phillips screwdriver and insert three LR6/AA alkaline (1.5 V) batteries according to the polarity shown on the inside (see FIG.3).

After they are installed, screw the battery cover on again and turn to the ON position. Remember to set the clock and the alarm after doing this.

THIS PRODUCT MAY BE OPERATED WITH BATTERIES OR USING THE CURRENT ADAPTER.
When you press any of the buttons on the Alarm Clock, the lights on the screen will come on. If you do not press any of the buttons, they will go out again after a few seconds.

**SETTING THE TIME ON THE CLOCK:**
Press the ALARM/TIME SET button (see FIG.4) for a few seconds to access the time set function. When the display shows the time (alarm) flashing (see FIG.5): Press SELECT to access the time and date settings. Press SET to change the hour. Press SELECT to change to minutes, press SET until you reach the minutes desired.

**SETTING THE DATE ON THE CLOCK:**
Follow the same procedure to continue with the date; Press SELECT again until the year of the date flashes, choose the year with the SET button. Press SELECT to access the month, SET to reach the month, SET to reach the month and SELECT again to access the day. Choose the day using SET again, pressing SELECT again to access the day of the week, and SET to select it. Finally, press ALARM/TIME SET to confirm the data.

**SETTING THE ALARM:**
Press the ALARM/TIME SET button for a few seconds. The alarm time will flash first, enabling you to change the time of the alarm. Repeatedly press SET until you reach the hour required, press SELECT to choose the minutes option and select this by pressing SET until minutes desired are shown. Press ALARM/TIME SET to confirm. You can move forward more quickly by holding in the SET button.
SETTING THE ALARM MODE:
When you have set the alarm to the time required, select the alarm mode required using the ALARM MODE button (see FIG.4).

- RADIO, will switch the radio on when it is time for the alarm to go off. First choose the radio station and adjust it to the volume desired. (This is explained below).
- BUZZER, the clock radio alarm will make a sound typical of electric alarm clocks.
- DEMO will activate the sounds and effects installed in the product.
- OFF turns off the alarm.

Any of the alarm modes chosen will activate the light on the LCD screen or display.

SWITCHING THE ALARM OFF:
The alarm can be switched off in two modes at the chosen time:

1. Press the LIGHT/ SNOOZE button (see FIG.4) the alarm will go off again five minutes later, and if you press the button again the alarm will go off again once more after a further five minutes.
2. You can completely turn off the alarm by pressing the ALARM MODE button for a few seconds, which will finally turn off the alarm. The word OFF will appear on the screen in alarm mode (see FIG.5).

Remember to switch the alarm on again to use the alarm clock function again the following day.

Using The Radio:

Press the RADIO button (see FIG.4) to activate the RADIO mode manually. Choose the frequency desired with the TUNE buttons, forward or back until you find the station desired in the FM frequency and adjust the sound level with the VOLUME button.
The radio station on the screen will come on when the alarm is activated in RADIO mode.
Recommendations For Use:

ATTENTION!
Remember that after a power cut, if the radio does not have batteries, the Alarm Clock will need to be set again. If the device becomes blocked you can reset or restart it by pressing the RESET button next to the battery compartment (see FIG.1) in which case you will need to set the alarm clock again.

MAINTENANCE
Use a slightly damp cloth to clean the equipment. Do not use detergents or solvents. If the Radio CD gets wet, turn it off and remove the batteries immediately. Dry the compartment with a dry cloth and leave the battery compartment open for approximately 12 hours so that it dries out completely. Do not try to use the equipment until it is completely dry.
